PROFESSIONAL EXPERIENCE

H&R BLOCK | Digital / hrblock.com (Remote)

2023 - Present

Senior Web Product Manager

- Own strategy and execution for H&RBlock.com web and mobile experiences, managing digital initiatives across content, navigation, personalization, campaigns, SEO, and customer journeys from intake and requirements through development, launch, validation, measurement, and optimization.
- Lead personalization and audience targeting experiences across H&RBlock.com, translating campaign strategies into personalized digital experiences and partnering across Marketing, Creative, AEM, UX, Analytics, and Engineering to implement, test, and validate experiences for intended audiences.
- Led strategy for **100+ A/B tests**, using Adobe Analytics and customer behavior insights to drive product decisions and conversion optimization; most recent peak season experimentation generated **75K incremental conversions** and approximately **\$4M in incremental revenue**.
- Transformed a core service line digital experience by improving onboarding, education, pricing transparency, and pathways between digital self service and assisted options, contributing to a **93% increase in page traffic** while strengthening product discovery and consideration.
- Simplified customer journeys and increased visibility of key conversion actions, driving an **18.9% lift in appointment starts** and improving progression from consideration to conversion.
- Use Core Web Vitals, Adobe Analytics, and Datadog behavioral insights to monitor site performance, investigate experience issues, identify friction, and share actionable recommendations with cross functional teams to improve responsive experiences, SEO, engagement, and conversion.

LGO HOSPITALITY | Phoenix, AZ

2021 - 2023

Senior Web & Digital Strategist | Digital Marketing Manager

- Led digital and web strategy for 12 restaurant concepts across California and Arizona, partnering with agencies and internal teams to improve design, usability, SEO, content, conversion points, & customer digital experiences.
- Owned online reputation and local digital presence across Google Business Profile, Yelp, and Apple for 12 restaurant concepts, monitoring and responding to customer reviews, maintaining brand consistency, and implementing local SEO strategies that helped achieve **Top 10 Google search rankings**.
- Developed measurement frameworks and SEO action plans using analytics, keyword research, and ongoing optimization contributing to **83% average annual website traffic growth**.
- Built and redesigned websites for multiple restaurant concepts using WordPress, while leading mobile app UX concepts, digital content, paid social strategy, and guest digital platforms; brought web development and SEO capabilities in house to reduce agency costs.

**ARIZONA STATE UNIVERSITY - UNIVERSITY
SUSTAINABILITY PRACTICES** | Tempe, AZ

2018 - 2021

Digital Engagement Program Manager

- Led digital engagement and web initiatives across Arizona State University, using analytics, research, content, and creative storytelling to develop and optimize digital experiences that increased awareness, engagement, and participation.
- Created and launched a user friendly sustainability campaign website for Arizona State University, generating **50K unique traffic visits within the first month** and expanding access to digital programming and content.
- Led digital engagement efforts in partnership with Sun Devil Athletics across fan engagement, video, social, marketing, communications, and design; received the 2019 Pac-12 Football Zero Waste Competition Student-Athlete and Fan Engagement award for this work, with recognition presented by NBA Hall of Famer Bill Walton.
- Created multimedia campaigns and presentations using Adobe Creative Suite, maintained brand consistency, and managed and trained student employees in digital marketing and social media.
- Represented ASU as a panelist at the 2019 Pac-12 Sustainability Conference, discussing ASU Athletics' commitment to sustainability and digital engagement initiatives designed to increase awareness & participation.

CBS SPORTS DIGITAL - DIGITAL MEDIA SERVICES |

Carlsbad, CA

2014 - 2018

Web & Digital Manager, Client Services & New Business | Lead Web Content Producer

- Managed digital strategy and web experiences across 130+ collegiate athletics partners, supporting official athletic websites, mobile experiences, ecommerce, content, SEO, and digital campaigns.
- Led and trained an 11 person content production team while delivering hands on web solutions including HTML/CSS page builds, CMS publishing and updates, responsive web content, graphics, & custom page layouts.
- Oversaw website launches and content implementation, partnering with technical teams to meet accessibility requirements, timelines, and client expectations while troubleshooting CMS issues, live statistics integrations, and other technical challenges.
- Implemented Jira to improve prioritization and workflow management between content production and development teams.
- Increased social media performance by **80%** through paid ads, video, GIFs, visual storytelling, animation, and integrated marketing campaigns.

OKLAHOMA STATE UNIVERSITY - ATHLETICS |

Stillwater, OK

2012 - 2013

Media Relations Assistant

- Produced web content, feature stories, press releases, media materials, research, and event communications for collegiate athletics using AP style writing and CMS publishing.
- Conducted interviews with elite athletes and coaches, including Kevin Durant during his Oklahoma City Thunder tenure and Brittney Griner and Baylor head coach Kim Mulkey at the NCAA Women's Final Four.
- Wrote feature stories, news releases, and press materials for Oklahoma State Athletics using AP style, while coordinating media communications and press conferences to support coverage of athletic programs & events.
